

To all Fellows:

The response to the COVID 19 virus is fast-changing but uniform - group events large and small have been cancelled.

For that reason, and with deep regret, the Foundation's Board of Trustees has decided to follow suit and **cancel our annual Fellows' Dinner, scheduled for Friday, April 3, 2020.** Fellows holding Dinner reservations will receive a refund.

If you made a room reservation in the Foundation's block through the online link, the room will be automatically cancelled with no penalty. However, if you need that room, the hotel has rooms available and will reinstate your reservation at the group rate. To reinstate your reservation, you must call 629/208-8383.

The Board will meet soon to review this decision and its ramifications, particularly for the newly elected Fellows, who we had intended to honor. At present, however, our concern is to protect your health and that of our fellow citizens. We will be back in touch as soon as possible.

David Eldridge, Chair
